All Schools 1933-34	354.09	6	288	252.88	95.23	250	.98	348	48	266

From the above table it may be noted:

1. That about four less days of school were lost than the previous year.
2. The percent of attendance was slightly lower. Every parent should make a strong effort to keep his children in school unless they are ill.
3. The amount of tardiness has slightly increased. We hope for a better record next year.

HEALTH

The report of the school nurse, Mrs. Agnes M. Milton, shows a very successful year's work in the number of corrections made. The number of pupils found with defective vision was six, of whom four had corrections made. Five were reported with defective hearing and three corrections made. Seven of the ten cases of defective tonsils received corrections, and seventy of the one hundred having defective teeth. Toxoid treatment was secured for sixty.

ACTIVITIES

In March joint debates were held among the three high schools of the union, including Henniker, Hopkinton and Warner. The series was won by Hopkinton, and its debating team went to Lewiston, Me., to partake in the annual interscholastic debates held there under the auspices of Bates College.

The pupils of the West Hopkinton School, with the assistance of their teacher, purchased a piano for school use. Funds were raised by various means, by the pupils.

ADULT EDUCATION

Beginning in November weekly classes in cabinet making were held at the shop of Mr. Francis Blanchard, the instructor. This was a Federal Emergency Education Project. This year the same work is being carried on by Mr. Blanchard as a W. P. A. project.

IMPROVEMENT OF SCHOOL GROUNDS

By means of funds furnished by the Contoocook Woman's Club, substantial swings and see-saws with steel pipe frames

were installed at the Contoocook elementary school. This was greatly needed and is a valuable addition to the equipment of the school. We all owe a debt of gratitude to the Club for their interest and timely assistance. When the playground back of the school building is smoothed and the few boulders remaining there are removed, an ample and suitable place for all outdoor games of the school will be provided.

The plot of land in front of the school has been graded and covered with loam. A gravelled horse-shoe shaped drive has been put around it. With the final seeding down of the plot next spring, and the judicious placement of a few shrubs, the appearance of the schoolgrounds will be vastly improved. This work was begun as a W. P. A. project in the fall of 1935. When it is fully completed the district may well be proud of the school and its surroundings.

At the Main Road School a fence was erected between the driveway and the cement road, leaving a passageway at each end. This prevents the thoughtless or accidental running of the pupils down the steep bank into the much travelled road. A safety patrol has been organized at this school to enable the pupils to cross the road without accident.

GIFTS

A large Victrola and records, in excellent condition, were given to the Hopkinton Grammar School, by Mrs. Alice Turner, in memory of Miss Ellen C. Roberts.

The Tyler School received a reed organ, the gift of Mrs. Frank Kenyon.

Both these instruments are very useful in promoting the school work in music. In behalf of the pupils and teachers of the schools mentioned, we wish to give public recognition of the interest of the donors, in the advancement of music appreciation in the district.

CONCLUSION

We have found our work with the teachers and the board of the district very pleasant. "Work together", the motto of the chairman of the board, Mr. Charles H. Peaslee, has been the principle followed by the teachers, Superintendent and Board. It is only by following this principle that the educational interests of the district can be advanced.

Respectfully submitted,

JOHN A. SINCLAIR,
Superintendent of Schools.
